

## profile

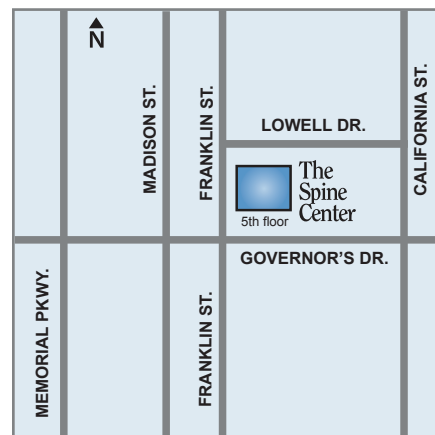

### Michael A. Cosgrove, M.D.

Dr. Cosgrove is an anesthesiologist who specializes in pain management. He graduated from Jefferson Medical College in Philadelphia in 1999 then completed his general surgery internship at the Naval Medical Center in San Diego. After this, he performed two operational tours as a flight surgeon for the U.S. Navy serving multiple campaigns in the Middle East and elsewhere. At the conclusion of his service, he entered anesthesiology residency at Maine Medical Center in Portland, Maine. Due to personal and professional experiences with chronic pain, he sub-specialized in pain management with a fellowship at Dartmouth-Hitchcock Medical Center in New Hampshire. He practiced in Huntsville from 2009 through 2013, then left to join a neuroscience center on the gulf coast. He returned to Huntsville to join TOC in 2015. Dr. Cosgrove specializes in the diagnosis and non-surgical treatment of painful spine disorders. He also diagnosis and treats various other acute and chronic pain problems of the joint, and extremities. He performs diagnostic and therapeutic injections of the spine and nervous system, radio frequency treatments, spinal chord stimulation, and conservative medication management. Dr. Cosgrove is board certified by American Board of anesthesiology in both anesthesia and pain management.
