GET BACK TO LIVING

There is an alternative to an MRI

Meet mi-eye™

Discover the revolutionary device that gives your doctor the illumination and visualization to provide you with a diagnosis — in just one office visit.

Jumpstart the healing process

Once you have your diagnostic answers, you can start the road to recovery up to two weeks faster than when choosing an MRI.*

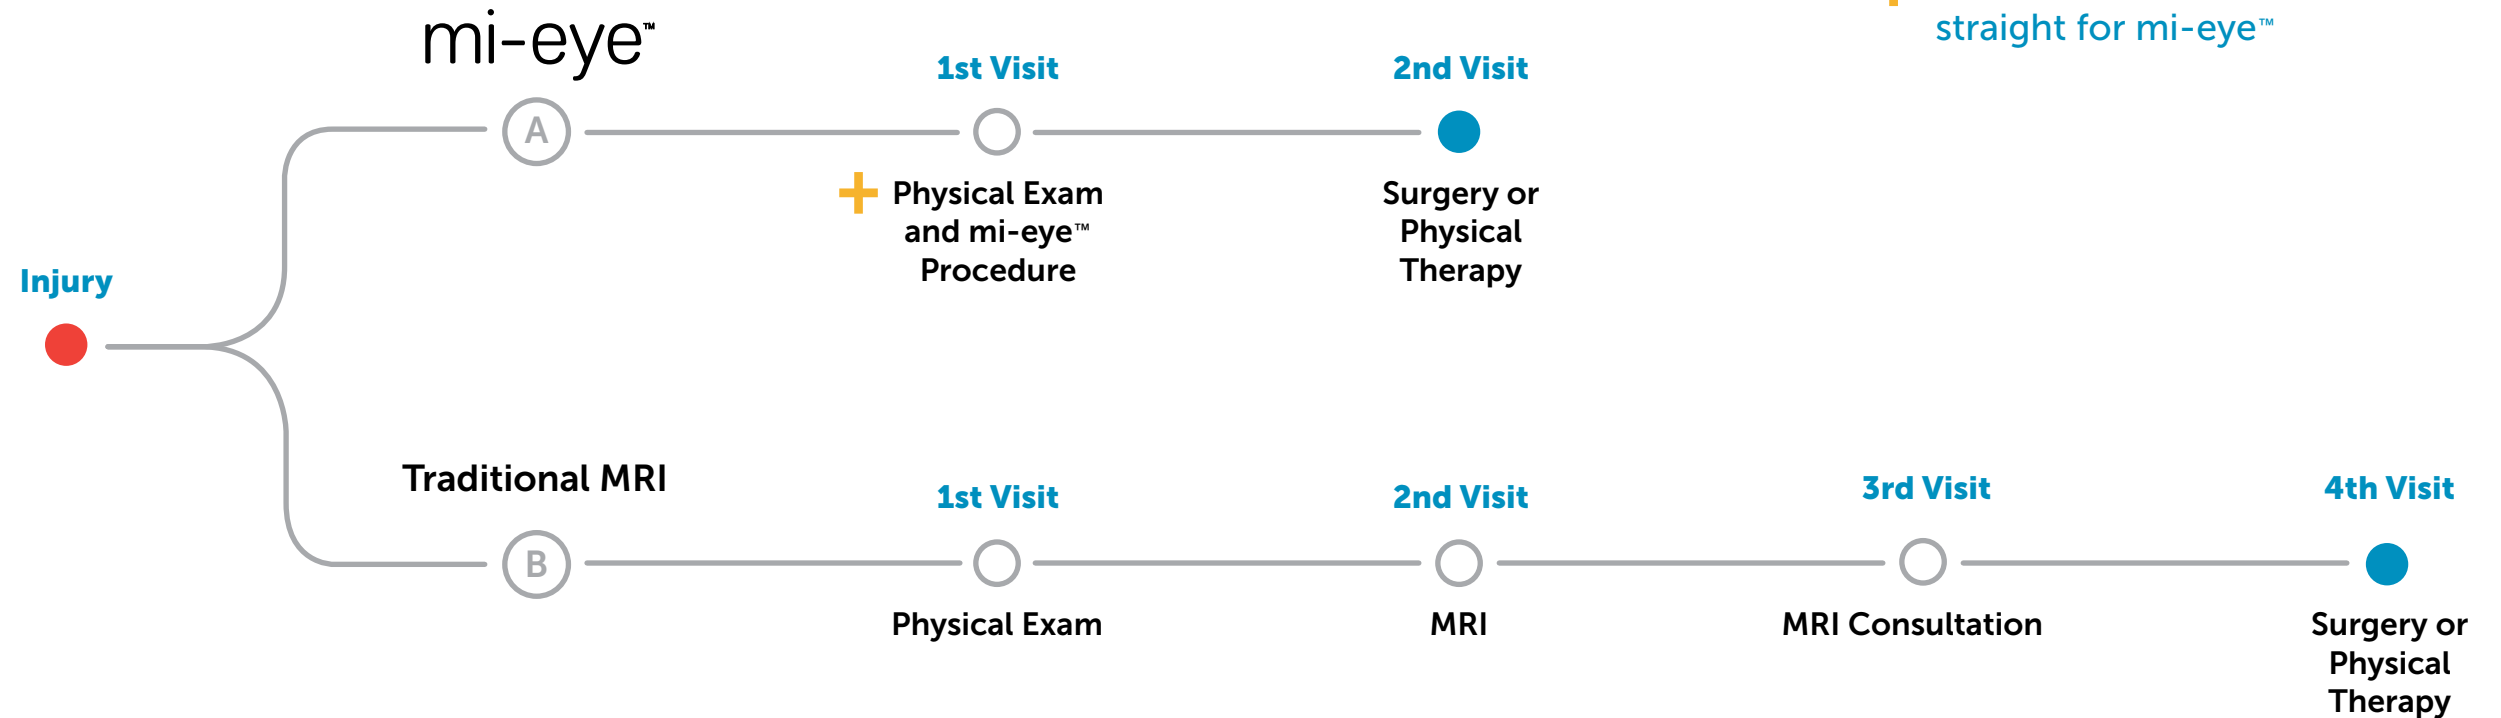

*Based on an estimated time-frame from radiology testing and results, including follow-up consultation.

See how mi-eye™ saves you time

The future of diagnostics is here.
Reduce the number of appointments
and time at the doctor's office with
mi-eye™ and get back to your team,
gym, and life.

+ Skip the MRI and go
straight for mi-eye™

mi-eye™ is for everyone

Patients with medical implants, claustrophobia, and even braces may not qualify as candidates for an MRI. Gain peace of mind and save time, thanks to mi-eye™.
