7.1 credit hours for ABN
1.2 Pharmacology for Nurses
6.0 credit hours for ASNA
NATABOC credits pending
ASRT credits pending

Physical Therapy*

*Effective October 1, 2014, the Board does not pre-approve continuing education providers, sponsors or individual programs. It is the licensee's responsibility, using her/his professional judgment, to determine if the continuing education activities they complete are applicable, appropriate, and meet the requirements of the Board.

- Discuss new research findings in treating orthopaedic patients, such as hand, shoulder, knee, foot, and hip surgeries.
- Apply current practice guidelines and innovative measures related to use of plasma rich platelet therapy and the healing process.
- Examine special considerations in pediatric orthopaedics patients.
- Discuss the challenges of recovery from trauma, spine and joint surgeries.
- Evaluate advances in minimally invasive and revision joint surgeries.
- Describe new advances in spinal surgeries.
- Discuss innovations in treating chronic Achilles tendon issues.
- Evaluate advances in non-surgical interventions, while managing opioid prescribing.
- Discuss the impact robotic assistance has on knee, spine, and hip surgeries.
- Review special considerations for the management of orthopaedic issues with the aging process and sports injuries.
- Review special considerations related to joint injuries and their relation to lifestyle choices.

Steven L. Buckley, MD

Dr. Buckley is board-certified by the American Board of Orthopaedic Surgeons. His interests and areas of expertise include scoliosis, cerebral palsy, spina bifida, sports injuries, fractures, clubfoot deformity, hip dysplasia, and limb length discrepancy.

Michael W. Cantrell, MD

Dr. Cantrell is board-certified in orthopaedic surgery and a member of the American Academy of Orthopaedic Surgeons. His practice focus is in the treatment of all musculoskeletal problems affecting bones, cartilage, joints, muscles, tendons and ligaments.

Michael A. Cosgrove, MD

Dr. Cosgrove is an anesthesiologist, certified by the American Board of Anesthesiology in both Anesthesia and Pain Management. He specializes in pain management and the diagnosis and nonsurgical treatment of painful spine disorders, various other acute and chronic pain problems of the joint and extremities.

Stanton B. Davis, MD

Dr. Davis is board-certified by the American Board of Orthopaedic Surgery and in Sports Medicine. He has a special interest in shoulder and knee surgery with advanced training in arthroscopic labral and rotator cuff repairs of the shoulder, knee ligament reconstruction and cartilage transplantation.

John J. Greco, MD

Dr. Greco is board-certified in orthopaedic surgery and specializes in arthroscopic and open reconstruction of the knee and shoulder and the Oxford™ partial knee replacement. He completed his medical education and residency at UAB Birmingham, and a fellowship at the University of Miami.

David B. Griffin, MD

Dr. Griffin is board-certified by the American Board of Orthopaedic Surgery. He has a special interest in orthopaedic trauma and joint replacement surgeries. He completed his residency at the The Campbell Clinic, in Memphis, Tennessee; and fellowship training in hip and pelvis replacement and reconstruction at Good Samaritan Hospital in Los Angeles, California.

David L. Little

In December of 2008, Huntsville native David Little and his family were victims of a distracted driver car accident. This traumatic accident forever changed his perspective of the dangers of distracted driving. David served in the United States Marine Corps. David has worked in the high tech industry and is currently a Wealth Advisor with Keel Point.

Sudhakar G. Madanagopal, MD

Dr. Madanagopal, known as "Dr. Su", is board-certified by the American Board of Orthopaedic Surgery. Previously he served as Associate Professor and Director of Orthopaedic Trauma at the University of South Alabama. He completed residencies at Yale New Haven Hospital, Seth G.S. Medical College, and Calicut Medical College. He is also highly published on a variety of orthopaedic topics.

Philip A. Maddox, MD

Dr. Maddox is board-certified by American Board of Orthopaedic Surgery, and has a practice focus on the problems of the upper extremity, including those caused by trauma, arthritis, vascular disease, neurological disease or birth defects. He completed his medical education at UAB, Birmingham, Alabama; and a residency at the Medical University of South Carolina, Charleston South Carolina.

R. Allan Maples, MD

Dr. Maples is board certified by the American Board of Orthopaedic Surgery, with a practice focus in trauma surgery. Dr. Maples completed his medical training at LSU Medical Center, his residency at the University of Mississippi Medical Center, and fellowships at the Liverpool Health Science Center, Sydney, Australia; and Harborview Medical Center, Seattle, Washington.

Howard G. Miller, MD

Dr. Miller is board certified by the American Board of Orthopaedic Surgery, with a practice focus in joint replacement surgery. He completed his medical education at UAB; and residencies at the University of Washington, Seattle Washington; and the University of Texas, San Antonio, Texas. Dr. Miller was instrumental in bringing the Joint Camp concept to the Huntsville, Madison County area.

Michael E. Miller, MD

Dr. Miller is board-certified in orthopaedic surgery, with a practice focus in the treatment of injuries, diseases, and other conditions of all bones and joints. He received his medical training at the University of Rochester; his residency at UAB; and his fellowship at Berg Sloot Orthopaedic Research and Educational Foundation.

Christopher T. Parks, MD

Dr. Parks has a practice focus on adult hip and knee reconstruction surgery. Dr. Parks completed his medical training at UAB Birmingham, Alabama; his residency at the University of Arkansas Medical Sciences, in Little Rock, Arkansas; and a fellowship at Vanderbilt University, Nashville, Tennessee.

J. Bradley Sabatini, MD

Dr. Sabatini has a practice focus addressing issues related to the foot and ankle injuries and diseases. Dr. Parks completed his medical training at the University of South Alabama, Mobile, Alabama; his residency at the UAB, in Birmingham, Alabama; and a fellowship at Ortho Carolina in North Carolina.

F. Calame Sammons MD

Dr. Sammons is board-certified by the American Board of Orthopedic Surgery. He completed his medical education at UAB, Birmingham, Alabama; his residency at Georgia Baptist Medical Center, Atlanta, Georgia; and a fellowship at the University of Toronto. Dr. Sammons serves as team physician for Huntsville High School, and is a member of the UAH volunteer faculty.

Brian M. Scholl, MD

Dr. Scholl is board-certified with the American Board of Orthopaedic Surgery, with a practice focus on the treatment of ortho spine. He received his medical training at the Emory University School of Medicine in Atlanta, Georgia; his residency training at UAB in Birmingham, Alabama; and a fellowship at the Campbell Clinic. Dr. Scholl is also a published author of teaching textbooks, and founder of two medical software companies.

Morris B. Seymour, MD

Dr. Seymour is board-certified with the American Board of Orthopaedic Surgery. He specializes in the diagnosis and surgical treatment of disorders of the neck and lumbar spine. He received his medical training at UAB; his residencies in general surgery and orthopaedic surgery at UAB; and his fellowship at Baylor College of Medicine, Houston, Texas.

REGISTRATION

Orthopaedic Conference Cost

Health System & TOC employees, and students\$60
Physicians\$80
Non-Huntsville Hospital Clinicians/Residents\$70

Conference registration is available online or by visiting Huntsville Hospital's Corporate University offices. Conference registration is on a first-come, first-serve basis until the conference is full.

Online Registration

To register online go to: www.huntsvillehospital.org/conferences.
The registration website will guide you through the registration process.

Walk-In Registration

If you cannot register online, it is possible for participants to register in-person by visiting Corporate University, located in the Dowdle Center at 109 Governors Drive in Huntsville, Alabama. Walk-in payments are accepted by check or credit card.

Cancellation and Refund Policy

Huntsville Hospital's Corporate University reserves the right to cancel classes with insufficient registration. If a class is cancelled, registrants will be notified prior to the class and will receive a full refund.

If a registrant must drop out before the program begins, participants can cancel their registration up to 3 business days prior to the program. Partial credit will not be granted. No refunds will be provided after January 15, 2018.

For More Information

For any additional questions, please call Huntsville Hospital's Corporate University at 256-265-8025.

Please note: Conference seating is limited. Registrations are processed in the order in which they are received.

Attire for conference is casual. You may want to bring a light sweater or jacket to ensure your comfort in meeting rooms.

Please note: Huntsville Hospital and all of its facilities are tobacco free. This new policy applies to all persons, including staff, physicians, patients and visitors; and it covers all buildings and parking decks which are owned or leased by the hospital. There are no longer any exterior areas where smoking is permitted. Thank you for your cooperation as we strive to become a healthier hospital and community.
